MEMORANDUM FOR: Director of Information Technology

VIA: Director of Development and Engineering

FROM: [redacted]
Director, C Program Group

SUBJECT: Request for Technical Support

1. One of our prime contractors, [redacted] has a chronic problem involving the timing of messages between an IBM Series 1 and an IBM 3081. The problem is beginning to impact our test schedule, so we would like to solve it quickly. We ask that you allow [redacted] to spend up to a week [redacted] to help us solve this problem.

2. [redacted] helped us solve a similar problem in the past and he has the requisite clearances to help us now. We understand he will be at a SHARE meeting [redacted] through 4 March, so we propose to fly him to [redacted] on 5 March and have him available [redacted] for the period 7-11 March. We spoke with [redacted] and his supervisors about these arrangements. They find them acceptable, subject to your approval.

3. If you approve this request, OD&E will cover [redacted] travel costs. Thank you for your support.

cc: [redacted]
